

How to use this form

- This form must be used to issue a notice of rent increase to the tenant(s) only after the landlord has successfully applied for an additional rent increase for eligible capital expenditures
- The decision from the application for Additional Rent Increase for Eligible Capital Expenditures must be attached to this form
- The accompanying form, RTB-53-P1D, must be attached to this form with the details of the rent increase

Important information about this form

- This form is used by the landlord to notify the tenant(s) of a rent increase. The landlord must serve this notice on the tenant at least three months before the rent increase is to go into effect.
- Once a year, the landlord may increase the rent for the existing tenant. The landlord may only increase the rent 12 months after the date that the existing rent was established with the tenant(s) or 12 months after the date of the last legal rent increase for the tenant(s), even if there is a new landlord or a new tenant by way of an assignment.
- **A landlord must give a tenant at least 3 whole months' notice, in writing, of a rent increase.** For example, if the rent is due on the first day of the month and the tenant is given notice any time in January, even January 1st, there must be three whole months before the rent increase begins. In this example, the months are February, March, and April, so the rent increase would begin on May 1st. The landlord must use this form and must serve it accordance to the Act.
- A landlord or a landlord's agent must not collect a rent increase in any other way other than in accordance with Part 3 of the Act.
- A notice sent by mail (which is one method of service) is deemed to be received on the 5th day after it was mailed. For example, a rent increase served to a tenant on or before January 31st, could be effective May 1st; a rent increase served by registered mail should be mailed on or before January 26th for the increase to be effective on May 1st.
- A landlord may only impose a rent increase up to the amount calculated in accordance with the regulations or as ordered by an arbitrator. The Residential Tenancy Branch has provided calculators on our website to assist landlords and tenants to ensure that the additional rent increase is imposed correctly. [See web tools here.](#)
