

Questionnaire for Non-Requesting Spouse

We recognize that some of these questions involve sensitive subjects. However, we need this information to evaluate the circumstances of the request for relief and properly determine whether relief should be given. If this form is not completed and returned, the request for relief will be considered based on the information available to us.

If the requesting spouse petitions the Tax Court to review their request for relief, the Tax Court may only be allowed to consider information you and the requesting spouse provided before we made our final determination, additional information we included in our administrative file about the requesting spouse's request for relief, and any information that is newly discovered or previously unavailable. Therefore, it is important that you provide us with information you want us or the Tax Court to consider.
