FILE YOUR TAXES YOURSELF FOR **FREE**

We offer Facilitated Self-Assistance, which provides you with free step-by-step interview based tax preparation software making it easier than ever to prepare an accurate tax return. This service is available on-line or at one of our site locations, see details below on where to go or how to access.

How does it work?
Although tax software programs are fairly simple to navigate, questions may come up and it is always helpful to have some guidance available from IRS certified volunteers. Whether you wish to prepare your return at home or at one of our preparation sites we have the tools and support you need to get your taxes done on your schedule.

What do I need to get started?
- Basic computer skills
- An email address
- Documentation: Social Security number(s) for you, your spouse and dependents, income information – W-2, 1099, prior year adjusted gross income, bank account and routing information (for Direct Deposit of refund)

Where do I go?
Facilitated Self-Assistance details, location, support hours and support method:
