The Motor Vehicle Commission requires before and after photos of the vehicle. These photos must clearly show all four sides of the vehicle. The requirements and restrictions of the photos are as follows:

- The vehicle must be clean and free of any debris or snow.
- Color photos are required.
- Photos must be clear.
- Photos cannot cut off any portion of the vehicle.
- Photos must be standard size or larger (2 ¼ X 4 ¼).
- Polaroid photos are acceptable.
- Photo quality paper is required if pictures are self-printed.

**NOTE:** If you do not have before photos, you must contact the previous owner. If you are unsuccessful in obtaining acceptable before photos, a damage report from the insurance company is required. **It is the responsibility of the current owner to obtain the damage report.** This will only substitute for the before photos.

**A, B, & C** are all acceptable photos

**D** is an unacceptable photo and will be rejected because the rear bumper is cut off.

**E & F** are acceptable photos. This is an example of taking a photo that captures two sides of the vehicle in a single picture.

**G** is an unacceptable photo because it does not show the entire vehicle (top is down).
